

Kalam successfully launched the 'Rohini-1' satellite using the India's first satellite launch vehicle SLV-3 in 1980. He acted as the Project Director when the missiles Thrishul, Agni,Prithvi, Nag and Akash were designed in the Indian Defence

India for the first time experimented nuclear explosion test named 'Smiling Buddha' in 1974. Kalam was one among the sixty Aeronautical Engineers in this project

Abdul Kalam played a vital role in the nuclear explosion test project in Pokran named "Operation Sakthi" in 1998. The credit that the India has become a nuclear power goes to him

Kalam worked in five missile projects of India. He was the most important behind the designing defence rocket of India

The Government of India awarded him the Bharatha Ratna. He was the President of India during the period from 2002-2007

The missile man who quoted "Man needs difficulties because to enjoy the success they are needed to and you have to dream before your dreams can come true" lives among us even after his death. Let's also sacrifice for the country like him
