2. Choose File→Open command from the menu bar.

3. Press CTRL+O keys on the keyboard. Each of the above method will show the Open dialog box. Choose the file and click the Open button.

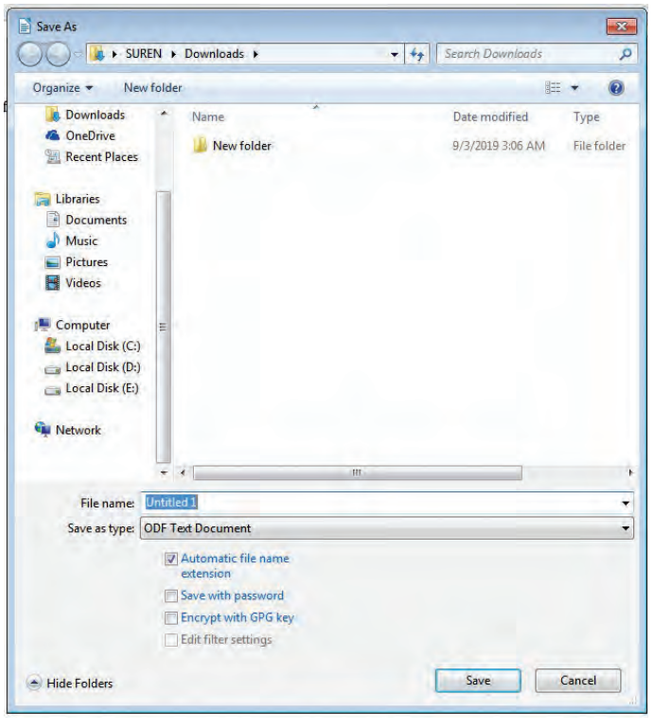

Save a New/Existing Document

To save a new/existing document that is opened, follow any one of the following methods:

1. Click the Save button on the menu bar.

2. Select File→Save commands from the menu bar.

3. Press CTRL+S keys on the keyboard.

If the document is already named and saved earlier, it will simply save the document. On the other hand, if the file is a new document then it will prompt you by opening 'Save As' dialog box. Select the folder where you want to place your document. Type the name of the document in File Name and then click OK. You can also save a document by choosing File→Save As commands on the menu bar.

Close the Document

Close the current document by selecting File→Close command on the menu bar or click the Close icon if it is visible on the Standard toolbar.

Printing a Document

To print a document or selected pages follow the steps given below:

1. Open the document to be printed.

2. Choose File → Print command on the menu bar.
